*The application must be signed by the owner or an executive officer of the business.

GENERAL INFORMATION

1.	Please describe the source of contaminated water:						
2.	Has an unde	Has an underground storage tank been removed from this site:					
	Are there ur	nderground tanks present	that are scheduled for i	removal: Yes No			
3.	Please comp	Please complete the following for each tank removed or scheduled for removal:					
	Tank ID	<u>Date</u>	<u>Volume</u>	Contents			
4.	Please attach a site plan showing the location of the following:						
	a.	The source(s) of the c	ontaminated groundwa	ter.			
	b.	· · ·					
	c.						
	d.	The location(s) of any holding tank waste.					
	e.	The location of pretre	atment equipment.				
5.	Please attach laboratory results for all samples collected and analyzed. Please include the following information for each sample:						
	a.	Description of sampli	ng point location.				
	b.	1 01					
	c. Sample type-grab or composite.						
	d. Sample preservation technique.						
	e. Date of laboratory analysis.						
	f.	,					
	g.	g. Laboratory name, address, and phone number.					
	Omission o	of any of the above info	ormation may result in	n the requirement for additional

	If ye	If yes, please provide the following information:				
	a.	Type of waste generated		_(volume) _(volume)		
	b.					
	c.	c. Transporter 1 Company Name:				
	Phone Number: U.S. EPA ID Number:					
		Transporter 2 Company Name:				
		Phone Number: _	U.S. EPA ID Number:			
<u> PE</u>	<u>RATIO</u>	NAL DATA				
•	Check any existing or proposed type of pretreatment equipment:					
	 □ Carbon bed filtration □ Clarifier □ Filters □ Oil & grease removal □ Waste hauling □ pH correction 		 ☐ Chemical treatment ☐ Flow equalization ☐ Solvent separation/recovery ☐ Oil & water separator ☐ Waste storage tank ☐ Other (please describe below) 			

Please attach a schematic of the current or proposed pretreatment system. Be sure to indicate how and where the pretreatment system discharges to the sanitary sewer and identify all sampling points.

2.	Please describe the proposed self-monitoring plan:
	Sampling technique
	Sampling frequency
	Sampling location
	Pollutants to be analyzed
3.	Will the pretreatment process or the pretreatment system generate any hazardous waste? Yes No
	If yes, please identify the waste and provide a brief explanation:
<u>SAM</u>	PLING POINTS
1.	Is a sampling point available where a representative sample of the wastewater discharged to the City may be collected?
2.	Describe the location and nature (manhole, sump, clean out, etc.) of each sampling point.
3.	Are these sampling points accessible to authorized city personnel at all times?
4.	Are there security measures at your facility which require clearance before entry into or onto your premises?
5.	Please explain any special safety precautions required at any of the sampling points.
6.	If there are no adequate sampling points currently available, provide a detailed description of all proposed sampling manholes and the scheduled dates of their installation.

SPILL CONTINGENCY PLAN

1.	Has your facility deve	loped a spill prevention plan to p	revent and con	tain accidental spills?	
2.	If yes, please attach a d Hazardous Waste Mar	copy of the plan. (If applicable, y agement Plan).	ou may submit	a copy of your facility's	
	If no, please submit a	plan within 30 days of the date of	f this application	on.	
3.		oonse: Outline your facility's pler to prevent discharge to the san			
<u>ENV</u>	IRONMENTAL PERMI	<u>TS</u>			
1.	Have you contacted any other regulatory agencies regarding the proposed groundwater clear up operations? If so, please provide the following information about each agency:				
	Agency Name	Contact Name	<u>Title</u>	<u>Telephone</u>	
2.	Please list all other environmental permits that have been issued to you by other agencies (i.e. Air Quality or Water Quality Control Board, County Environmental Health, etc.)				
	Agency Name	Permit Number	<u>Ex</u>	xpiration Date	

APPLICANT FOR PERMIT MUST READ AND AGREE TO THESE PROVISIONS

- A. To furnish any additional information on wastewater discharges as required by the City of Santa Cruz.
- B. To accept and abide by all provisions of Chapter 16.08, <u>Municipal Sewer Ordinance</u>, and Chapter 16.19, <u>Storm Water and Urban Runoff Pollution Control</u>, of the City of Santa Cruz Municipal Code.
- C. To effectively operate and maintain wastewater pretreatment equipment to ensure compliance with wastewater discharge limits.
- D. To cooperate at all times with reasonable requests by City personnel in the inspection, sampling, and monitoring of industrial waste discharges.
- E. To notify the Santa Cruz Water Pollution Control Facility immediately, at (831) 420-6050, in the event of an accident or other occurrence that results in the discharge to the sewer of any material that, by nature and/or quantity, violates wastewater discharge limits or constitutes a hazard to the Santa Cruz Water Pollution Control Facility, City personnel, or the environment.
- F. To pay the City of Santa Cruz the required sewer use fee for wastewater treatment.
- G. To submit, as required by the City, accurate data on industrial wastewater flows and constituents.
- H. To apply for a revised wastewater discharge permit if any change in processes or operations creates a significant change in wastewater quantity or characteristics.
