

Host A Zero-Waste Party Kit For Your Neighborhood!

A party kit is a box containing reusable plates, cups, and more—everything needed for a colorful party with zero waste! After each rental, the equipment is returned to be used again and again.

Save Money - Reduce Waste - Build Community!

- The City will provide the kits to hosts.
- Kits are to be lent out for FREE.
- Agree to be listed as a host on the website (name, email, and area of town only).
- The renter is responsible for washing the kit before returning it, but we ask that hosts check the kits to make sure they are adequately clean and nothing is missing before lending them to the next person.
- Host the Zero-Waste Party Kit for at least 6 months.
- As a host, you will document how often your kit is rented out, if any pieces go missing, and coordinate with the renters for kit hand-offs.

KIT CONTAINS

25 of each

Bowls, Plates, Cups,
Forks, Spoons, Knives,
Cloth Napkins
