

POLICY TITLE      ZONING APPEAL PROCEDURE

PURPOSES OF POLICY STATEMENT:

More than one appeal may be filed concerning a given decision of a hearing body or an administrator. This procedure will protect a potential appellant from being caught in a situation in which the (first) appellant might request Council to move to withdraw the appeal at the public hearing, thereby possibly leaving no right of appeal available to others.

POLICY STATEMENT:

In an appeal process persons may either join together in filing an appeal or file separately in order to protect themselves from the possibility of being left with no right of appeal.
