

City of Santa Cruz Wharf Master Plan EIR Errata

The EIR consists of the Draft EIR volume (March 2020) and the Final EIR volume (September 2020). The following minor corrections are made since the release of these documents.

Draft EIR

Page 5-19 Correct the first sentence under *Other Impacts* to read:

The other remaining identified less-than-significant impacts (geology, public services and utilities, traffic, and air quality and noise) would remain the same or be slightly reduced ~~as with the proposed project, except that less-than-significant impacts related to public services, utilities and traffic would be slightly reduced with elimination of the Landmark Building.~~

Final EIR

Page 4-19 Correct Response A2-4 (Aesthetics-New Buildings and Entry Gate) to A2-5.

Page 4-15 Correct Response A2-6 (Treatment of Piles) to A2-7 and Response A2-6 (Coastal Hazards) to A2-9
